

# Pyrography (Woodburning) with Doug Cox

**Saturday, April 22 9AM-5PM**

At The Razertip Classroom, 301-9th Street North in Martensville

Cost: \$50.00 including all materials, tool use and taxes

This one-day class is ideal for anyone interested in learning about woodburning or improving their woodburning skills. All necessary tools and supplies are provided. You will start with exercises to familiarize you with using a woodburning tool and then move on to a project of your choice. Doug will have several different projects that you can choose from. He will guide you through the process of completing your chosen project. This is an interesting and fun workshop where each participant will take home a finished piece. There will be a 45-minute break for lunch - participants can bring a bag lunch or there are several fast-food options in Martensville (A&W, McDonalds, Subway, Tim Horton's, DQ, Taco Time, etc.) if you prefer. Coffee and tea will be provided, but please bring your own mug.

Doug Cox of Warman, SK is a self-taught pyrography artist who first began using pyrography in 2001 to decorate the custom canoe paddles he builds. He continues to make and decorate his paddles and also works on pyrography art by himself. He has worked on commission pieces for customers across Canada and the US, both for large corporate functions and individual personalized pieces. Doug has been an active member of the Saskatchewan Woodworkers' Guild for 10 years and has taught a pyrography art class for Guild members each year since joining.

Examples of his pyrography can be viewed at: <http://www.woodburnedart.com/gallery.html>

## About the Razertip Classroom:

The Razertip classroom is a fully-equipped facility where each workstation has all the top-quality tools and equipment you'll need to complete your project. Even if you have tools of your own, you won't need to bring them (unless you really want to). With a selection of workshops year-round the Razertip Classroom offers everyone the opportunity to discover carving and pyrography.

Limit 10 students. For more information or to register:

by phone at 306-931-0889 or online at <https://www.eventbrite.com/o/razertip-industries-13298443007>
